*July 2023*

## Employer Contributions to be Collected During the 2024-2025 School Year

At its July 2023 meeting, the Retirement Board adopted an Employer Contribution Rate (ECR) of 9.76% applicable to 2023-2024 school year salaries. The payments associated with this rate will be collected in the fall of 2024. The 9.76% rate matches the estimate provided in [Administrative Bulletin 2023-1](#), distributed in January. At that time, the System recommended using that rate for budgeting purposes.

School districts will have their payments automatically deducted from state aid apportioned during September, October, and November of each year. The State University, Education Department and community colleges are billed directly, as are participating employers receiving insufficient state aid to cover the required payments. For these participating employers, payments are due on September 15, October 15 and November 15 annually.

As in prior years, in early November the System will send out an Administrative Bulletin with an estimated range for the next ECR.

If you have any questions concerning employer contributions, please call Employer Billing at (800) 348-7298, Ext. 2820.
