Estimated Employer Contribution Rate  
For the 2012-13 Payroll

In an effort to assist you with 2012-13 budget preparations, we recommend you use an estimated employer contribution rate (ECR) of 11.84% for 2012-13 payroll. This projected rate is consistent with Administrative Bulletin 2011-13, issued in November 2011, in which we estimated a rate of between 11.50% and 12.50%.

Although the funds associated with this ECR will not be collected until fall 2013, we send this alert well in advance to assist with your planning. The Retirement Board will adopt the 2012-13 ECR at its July meeting and an Administrative Bulletin formalizing this rate will be issued soon thereafter.

As previously noted (see Administrative Bulletin 2011-8), the ECR applicable to your 2011-12 payroll will be 11.11%. These funds will be collected in the fall of 2012 and correspond to NYSTRS member salaries for the 2011-12 school year.

The ECR is adopted each July, but the contributions associated with that particular rate are not collected for another 14-16 months. Except for those employers required to pay directly, payments are deducted annually from State Aid apportioned in September, October and November.

Although the increase in this year’s rate is much lower than that experienced during the prior two years, this should NOT be interpreted to mean that the ECR has reached a plateau. It is likely there will be continued future increases in the ECR.
