

Section 16: Employer Billing

The System generates three different types of bills based on the member's salary: the estimated bill; final bill; and, monthly bill.

Introduction

Each year an Employer Contribution Rate (ECR) is calculated by our Research and Valuation Department and adopted by the Retirement Board. Salary information is accumulated through the employer reporting process. The ECR is applied to the member's BILLABLE EARNINGS to determine the employer contribution. Billable earnings are any earnings useable in a member's pension calculation. All earnings are billed in the year they are received (Example: retroactive salary adjustments). In the case of school districts, the employee's contribution (mandatory contribution) and employer contribution are deducted by the State Education Department from state aid and paid directly to NYSTRS. Employers who do not receive state aid or whose state aid is insufficient to cover amounts due are required to make direct payments to NYSTRS on the billing dates referenced below.

The estimated and final bills are calculated using the ECR.

All billing information can be accessed by visiting Employer Billing in the Employer Secure Area (ESA). Billing information is not available in ESA indefinitely. You should print any bill you want for your records.

Estimated Bill

The estimated bill is produced in August. If all monthly files have been submitted to NYSTRS prior to the bill's production, the estimated bill should be an accurate estimate of the final bill, which is produced in October. In this case the district will receive a detailed summary of the estimated bill. If, however, any monthly files are outstanding, the estimated bill is calculated using a 3% increase over last year's annual bill. When the bill is available in ESA, an email notification will be sent.

State aid payments are calculated using the estimated bill. Therefore, for accurate budgeting purposes, it is imperative that NYSTRS receives all monthly files promptly.

Final Bill

The final bill is produced in October. The amount due based on the final bill is used to make any necessary adjustments to the estimated bill's third installment. The final bill and detail are available in ESA.

Questions regarding your estimated or final bill, or the contribution summary listing, should be directed to our Employer Reporting unit at (800) 348-7298, Ext. 6220.

Note: Accurate reporting is essential to annual billing. Please be sure all contracts have been reviewed by NYSTRS staff and all payments are being reported using proper paycodes. If a contract review resulted in paycode corrections, please ensure the corrections are received promptly.

NYSTRS Employer Manual

Section 16: Employer Billing

Monthly Bill

The purpose of a monthly bill is to make any necessary billing adjustments to any school year for which a final bill was generated. If there are adjustments to salary or required contributions, you will be billed/refunded based on the ECR in effect for the school year in which the adjustment was made. If you receive a refund check from NYSTRS, your monthly bill will reflect the details for that check.

Note: Interest will be charged on any necessary billing adjustments, as we are required to give members interest on their contributions starting the year the service was rendered.

Questions regarding your monthly bill should be directed to the Subsequent Service unit at (800) 348-7298, Ext. 6075.

The monthly bill and detail are available in ESA.

Billing Calendar

July 10	Due date for your June employer report. The estimated bill is determined using all 12 monthly reports or, if any report is not received, using a percentage increase based on your previous year's final bill for the school year.
On or Before Sept. 1	Estimated bill produced for each employer.
Sept. 15	First installment due: one-third of the estimated employer and employee contributions, including any Article 18 payment.
On or Before Oct. 15	Final bill produced.
Oct. 15	Second installment due: one-third of the estimated employer and employee contributions, including any Article 18 payment.
Nov. 15	Third installment due: based on adjustment due from final bill figures of employer and employee contributions, including any Article 18 payments based on your final bill.
