New on NYSTRS.org: Employer District Specific Issue Report – Issue Code Reference Guide

We recently published a new tool for employers in the [Employers](#) section of [NYSTRS.org](#): the [Employer District Specific Issue Report – Issue Code Reference Guide](#). The District Specific Issue Report (DSIR) is generally generated the day after your monthly report has been submitted to NYSTRS. The report contains both informational messages and questions that require your response before NYSTRS can process your monthly report(s). Our new guide takes you through potential DSIR messages code-by-code to explain what you should do in response to the various messages that you receive. This tool was created to supplement our comprehensive [Employer Manual](#) and put the information you need to work your DSIR reports right at your fingertips. Check it out today!

Stay tuned for more details as the event gets closer!
