WELCOME,
NYSTRS RETIREE!

This Retired Members’ Handbook is intended to assist retired New York State public educators in understanding their NYSTRS retirement benefits. It’s an important part of our commitment to ensure you have all the information you need to have a secure retirement.

The information in this Handbook is not intended to encompass all aspects of the Retirement System, or the laws and regulations that govern it. The purpose of this publication is to provide general information and address questions you may have about NYSTRS benefits.

If you print this Handbook and store it for future reference, know that the information contained within is subject to change as laws are added or amended. The most current version of this Handbook will always be found on NYSTRS.org.
Different guidelines apply to service and disability retirements. Make sure you are familiar with the requirements that apply to your situation before you begin working in retirement. If you have specific questions about your employment, call us at (800) 348-7298, Ext. 6150. If you work for a NYSTRS-participating employer, provide the employer with your EmplID, regardless of your anticipated earnings. See Reporting Your Earnings on page 4 of this brochure for why this is important.

The pamphlet Working in Retirement also explains earnings limits and their effect on your NYSTRS retirement benefit.

**EMPLOYMENT EARNINGS IN RETIREMENT**

Different guidelines apply to service and disability retirements. Make sure you are familiar with the requirements that apply to your situation before you begin working in retirement. If you have specific questions about your employment, call us at (800) 348-7298, Ext. 6150. If you work for a NYSTRS-participating employer, provide the employer with your EmplID, regardless of your anticipated earnings. See Reporting Your Earnings on page 4 of this brochure for why this is important.

The pamphlet Working in Retirement also explains earnings limits and their effect on your NYSTRS retirement benefit.

**Service Retirement Earnings**

You can have unlimited earnings in the following types of employment:

- Private.
- Out-of-state.
- Federal government.
- Holding elected public office in New York State.
- Working as a consultant for a public employer if your date of membership is prior to May 31, 1973. All contracts must be reviewed by NYSTRS before employment begins.
- All employment (including NYS public employment) beginning in the calendar year you turn age 65.

**Other NYS Public Employment**

If you are a service retiree and do not meet any of the unlimited earnings criteria listed above, you can still work in New York State public employment, including teacher training centers, and collect your NYSTRS pension. Your choices are to work under either Section 212 or Section 211 of the Retirement and Social Security Law, or as a consultant (if approved by NYSTRS). In some instances, you may choose to suspend your NYSTRS retirement benefit.
Following is an overview of these different employment options:

**Section 212**
Most of our under-65 retirees who work in public employment in retirement meet the provisions of this section of law. Under Section 212, you may return to New York State public employment and earn a designated amount per calendar year, as established by the State Legislature. The earnings limit for the 2020 calendar year and subsequent years is $35,000. If you do not exceed the earnings limit, you do not need prior approval from NYSTRS for Section 212 employment. Likewise, your NYSTRS retirement benefit will not be reduced as long as your employment earnings are within the established limits.

Please note that if you exceed the earnings limit, you may be required to repay NYSTRS one day of your retirement benefit for each day you work beyond the limit.

The Social Security Administration (SSA) has its own rules for earnings while collecting a Social Security payment. Contact the SSA for information about the limitations.

**Section 211**
If you opt for public employment that will exceed the Section 212 earnings limit, you can work under Section 211 with approval from whichever entity has jurisdiction over your employment. Waivers are granted by the New York State Department of Education, Chancellor of the New York City Department of Education, Trustees of the City University of New York, a SUNY or community college president, and the New York State or New York City Civil Service Commission.

**Please note:** The approval must be initiated by your employer. The employer must demonstrate that there is an urgent need for your services or that there are no available, qualified non-retired persons to fill the position.

Under Section 211, a retired public employee is prevented from working in the same or similar position for one year from the retiree’s date of retirement from a New York State public retirement system. This restriction does not exist under Section 212. Approvals are generally limited to one year.

Your earnings under Section 211 are limited if you work for an employer you received pay from in the two years prior to retirement and those salaries were used in your final average salary. In this instance, assuming approval is granted, the amount of your earnings during a calendar year is limited to the difference between your final average salary (or, if greater, the salary you would now be receiving had you continued in service) and your Maximum retirement benefit. Also, you cannot renounce earnings reported to the System in order to achieve unlimited earnings in retirement.

**Employment as a Consultant**
The term “consultant” is often misused and misunderstood. Before accepting a position in this capacity, please review and understand how the Retirement System defines it. Employment that does not meet the NYSTRS requirements of working as a consultant could significantly impact your retirement benefit. (See sidebar article on page 3 that defines consulting.)
REPORTING YOUR EARNINGS

If you are a service retiree under 65 and working for a New York State public employer, you are required to report your earnings to NYSTRS as soon as you reach the limit within a calendar year — even if you worked under a waiver or your public employer contracted with a private, third-party entity to hire you.

If you have a MyNYSTRS account, use the Earnings After Retirement feature to report your earnings. We recommend reporting monthly, even if you do not intend to exceed the limit. Timely self-reporting helps you track your earnings and avoid having to repay a portion of your retirement benefit.

Those without an account will need to complete and submit the Reporting Your New York State Public Employment Earnings (RMS-64.1) form as soon as they reach the limit in a calendar year. The form is available on the Retiree Forms page of NYSTRS.org.

If you work for a NYSTRS-participating employer (including New York State public school districts, qualifying charter schools, the state Education Department, SUNY or state community colleges), you must provide your NYSTRS EmplID to your employer. In addition to your own reporting, NYSTRS-participating employers must report your earnings to us on a monthly basis.

Please Note: If you are subject to an earnings limit and exceed the limit at any time during a calendar year, NYSTRS will suspend your pension for the remainder of the calendar year if you continue working in New York State public employment. You also will be required to repay NYSTRS either for each day you exceeded the limit (applicable to those who worked without a waiver) or the dollar amount you earned in excess of the waiver limit (applicable to those who had a waiver with a specified earnings limit).

Third-Party Employment

If you are hired and paid by a private agency to fill a position on an interim basis with a New York State public school or other New York State public employer, you will be subject to the earnings provisions of Section 212 and 211 of the Retirement and Social Security law.

Suspending Your Retirement Benefit

If you choose to work in full-time, contractual New York State public employment and you want to have unlimited earnings, you will need to suspend your NYSTRS retirement benefit. If you work for a NYSTRS-participating employer, you can rejoin the System as an active member under your original membership tier. In this scenario, your date of membership will be the last day of that tier, not your original date of membership.

In general, you can receive an additional benefit after two extra years of service credit. (If you retired under Tier 3, you would become eligible after five extra years of service credit.) If you receive an additional benefit, you will lose any state retirement incentive service previously credited.

To be eligible for a recalculated benefit based on your service credit both before and after restoring your active status, you would need to a) complete five years of service credit after restoration, and b) repay the System the benefits you received before restoration, plus interest.

Repayment can be made in a lump sum or as a reduction in your retirement benefit based on the actuarial equivalent of the lump sum. If you choose the latter, the reduction continues throughout your retirement.

If you resume retirement without meeting the service credit requirements necessary for an additional benefit or a full recalculation, your benefit will remain unchanged.

Disability Retirement Earnings

Tier 3-6 Members

You must be totally and permanently disabled from all employment to qualify for, and continue to receive, a disability retirement benefit. Employment of any type may jeopardize your disability pension.
UPDATING BENEFICIARY INFORMATION

You can change the beneficiary for your pension benefit only if you selected a lump sum or guarantee period option, providing the coverage is still in effect. If you are a Tier 2-6 member and were eligible for a Paragraph 2 death benefit at retirement, you may change the beneficiary for your death benefit at any time.

To change your beneficiary(ies) for your Paragraph 2 death benefit and/or your pension (if applicable), use the Beneficiaries tab under My Retirement in your secure MyNYSTRS account. Alternatively, you may file a properly completed and notarized paper form with the System. For the Paragraph 2 death benefit, use the form Designation of Beneficiary for In-Service or Post-Retirement Paragraph 2 Death Benefit (NET-11.4). For a pension beneficiary, use Designation of Beneficiary for Retirees Electing a Guarantee Option (RMS-5.3) or Designation of Beneficiary for Retirees Electing a Lump Sum Option (RMS-5) depending on which option you chose at retirement. The forms are available on the Retiree Forms page at NYSTRS.org or by calling the NYSTRS Hotline at (800) 782-0289.

New beneficiaries filed will supersede any previous designation. If you want to add a new beneficiary, you must file a new designation that includes all beneficiaries you wish to designate. Members with a Domestic Relations Order (DRO) on file cannot change their beneficiaries using MyNYSTRS at this time.

If you selected the Maximum at retirement, there is no payment to a beneficiary. If you selected a survivor or pop-up option, which provides a lifetime payment to one beneficiary only, you cannot change your beneficiary. Remember: Notify NYSTRS if you selected a pop-up option and your beneficiary predeceases you so we can adjust your monthly benefit to the Maximum.

Tier 1 and 2 Members

It is possible for Tier 1 and 2 members to receive a disability retirement from their teaching job and then work in a different job that is not affected by their disability. However, the amount of earnings allowed during a calendar year is limited to the difference between your final average salary (or the salary you would now be receiving had you continued in service, whichever is greater) and your retirement benefit.

If you earn more than the limit, your disability benefit will be reduced to reflect the excess earnings. While the calculation of your earnings limit considers income from all forms of employment, it does not include returns on investments (stocks, bonds, etc.) or other disability benefits you are receiving.

ALL Disability Retirees: You must report your gross employment earnings (or confirm you are not gainfully employed) to NYSTRS annually using either the Disability Earnings After Retirement feature in MyNYSTRS or a paper Disability Retiree Statement of Earnings (DIS-153) form, which will be mailed to you each February.

If you are considering returning to paid employment, we urge you to contact the System first to determine eligibility for continued benefits.

Please be aware that a disability retiree may be required at any time to undergo a medical examination by a physician designated by the System. If the NYSTRS Medical Board determines that you are no longer disabled, your disability benefit will be discontinued and you will be restored to active membership.

All disability retirees, regardless of tier, should also know that the rules about retirement earnings do not change when you reach a given age. You do NOT “age out” of a disability retirement. Your retirement status remains the same unless you are determined to be no longer disabled and you are restored to active membership.

TAXES ON YOUR BENEFIT

Your retirement benefit is subject to federal income tax (except for previously taxed contributions). The federal tax tables can help you determine how much NYSTRS would withhold from your benefit payment under various scenarios.

You can have your taxes withheld from your monthly payments or you can make quarterly estimated tax payments. If you do not file a W-4P Withholding Election and Certificate form, federal taxes will be withheld automatically at the rate for “married with three exemptions.” To elect a new withholding amount, you must submit a W-4P form with the System. You can change your tax withholding at any time and, generally, a change received by the 12th of a month will be reflected in that month’s payment. MyNYSTRS account holders have the convenience of updating their W-4P withholding election online.

Each January you will receive a 1099-R form listing the gross amount of your benefit, the taxable amount, and any federal income tax withheld for the previous calendar year. MyNYSTRS account holders can access three years’ worth of 1099 statements online.

Remember: If you become a resident of another state, your benefit will be subject to that state’s tax rules. You can find information about other states’ tax laws at www.rpea.org.
REPORTING A RETIREE’S DEATH

The death of a retired member or beneficiary should be reported to the System by calling (800) 348-7298, Ext. 6140.

The following information is needed:

- Member/beneficiary name.
- Member/beneficiary EmplID or Social Security number.
- Date of death.
- Name, address and relationship of the survivor to contact.
- Name, address and telephone number of the person handling the estate.

Once this information is received, we will contact the appropriate person(s) as necessary. In most cases, it will be necessary to provide NYSTRS with a death certificate.

The beneficiary should also contact the retiree’s former employer (which may have provided health insurance) and applicable union (to collect on life insurance policies that might be in effect). See our publication When a Member Falls Ill or Passes Away for more details.

DEATH BENEFIT UNDER TIERS 2-6

Tier 2-6 members who meet eligibility requirements may have a death benefit in retirement. If the death benefit was in effect when you retired, the payment at death is as follows:

- **1st year:** 50% of the death benefit in effect at retirement.
- **2nd year:** 25% of the death benefit in effect at retirement.
- **3rd year and beyond:** 10% of the benefit in effect at retirement, or age 60 if higher.

You may designate a beneficiary(ies) or name your estate as beneficiary for this death benefit. Changes may be made at any time.

POWER OF ATTORNEY

With a power of attorney, you name an agent to act on your behalf in a broad range of personal, legal, financial and other affairs, including NYSTRS matters. Under a durable power of attorney, the agent can act for you even if you become legally incapacitated.

Although a durable power of attorney is revocable before someone becomes incapacitated, banks or other third parties that are not notified when a power of attorney is revoked are generally entitled to rely on their good-faith belief as to the power’s continued validity. In any event, a durable power of attorney ends upon death unless revoked earlier.

A durable power of attorney may make it possible to avoid the expense and formality of a court-ordered guardianship should you subsequently become incompetent. A guardianship, however, affords a stricter accountability and more stringent controls on conflicts of interest.

The use of a durable power of attorney is a personal decision that should be based upon your particular needs and objectives. Due to the high degree of control vested in the person named to act on your behalf by the durable power of attorney, only a trusted person...
should be named. In any case, because it is a powerful document, the System strongly recommends that you consult with an attorney before executing a durable power of attorney.

The Special Durable Power of Attorney Form is available on the Legal Publications page of our Library, or by calling our Hotline at (800) 782-0289.

**DIRECT DEPOSIT**

If you are like most NYSTRS retirees, your monthly benefit payment is deposited directly into your bank account. If you switch banks or accounts in retirement, if possible, try to establish the new account with NYSTRS before closing out the existing account. This will help avoid the bank’s possible rejection of your benefit payment. There are two options for changing your direct deposit:

**Option 1**
Submit the change online with a MyNYSTRS account. Visit the Tools > Direct Deposit Authorization Agreement page to update your information.

**Option 2**
Complete and submit to NYSTRS a new Direct Deposit Authorization Agreement (GRE-54), available on the Retiree Forms page of our website or by calling (800) 348-7298, Ext. 6230. If you use a brokerage firm that clears payments through a bank, please call that firm to get the proper direct deposit ACH (Automated Clearing House) instructions, and provide us with the institution’s name, your account number and the routing (ABA) number to which direct deposit payments should be sent.

Be sure to sign all correspondence sent to the System on this matter. Unless there is a power of attorney or court-appointed guardian on file with NYSTRS, no one else may sign for you.

Changes must be received at the System by our payroll processing deadline (on or about the 10th of the month) to ensure the change takes effect for that month’s payment. For more information about direct deposit and the authorization process, please call us at (800) 348-7298, Ext. 6230.

**CHANGE OF ADDRESS**
So that we can provide you with the annual Retired Member Profile, your year-end tax information, and the retiree newsletter Resource, it is important that we have your current address on file. You must report any address change in writing with your signature. You can use the Member Name/Address Change (GRE-50) form. Return the form to NYSTRS by mail or fax to (518) 447-4749. MyNYSTRS account holders have the convenience of changing their address online.
BENEFIT PAYMENT DATES

Retirement benefit check and direct deposit dates are the last business day of each month. A current calendar can be found on the Retirees page of NYSTRS.org.

FOR MORE INFORMATION

HOTLINE

Call (800) 782-0289 to request System forms and publications and to hear recorded messages about benefit news, such as when the 1099-R forms will be mailed. This service is available 24 hours a day, seven days a week.

WEBSITE

Our website at NYSTRS.org is an excellent resource for NYSTRS and retirement-related information. If you want a quick answer to a general benefit or retirement question, you’ll find it here. You can also access the latest news, read NYSTRS publications, learn about System services, print forms, and discover other online resources for retirees.

In addition, you can access your specific NYSTRS benefit information at any time by registering for a MyNYSTRS account. To register, you will need to enter your Social Security number, date of birth and NYSTRS EmplID.

RETIRED MEMBER PROFILE

The Retired Member Profile is intended to help our retired members keep track of their NYSTRS benefits. It includes:

- Your date of retirement.
- The benefit choice you selected at retirement (either the Maximum or an option).
- Your designated beneficiaries, if applicable.
- Death benefit information, if applicable.
- A snapshot of your gross monthly income, including any cost-of-living adjustments (COLAs) or deductions.
- A net monthly payment amount.

The Retired Member Profile is provided as a service to you and should not be used for income tax reporting. For tax purposes, you will continue to receive a 1099-R form each January.

RESOURCE NEWSLETTER

The retiree newsletter Resource, published three times annually, keeps you informed of the latest benefit information and other retirement-related topics. To request an audio version of Resource, please contact us at (800) 348-7298, Ext. 4785 or convdel@nystrs.org.
